EDUCATION

B.Tech in Computer Science and Engineering

Ajay Kumar Garg Engineering College, Ghaziabad

Affiliated to Dr. A.P.J. Abdul Kalam Technical University (AKTU)

Expected Graduation: May 2028

TECHNICAL SKILLS

Languages: C++, Python, C, Java

Web Technologies: HTML, CSS, JavaScript, React

Tools & Platforms: Git, GitHub, VS Code

PROJECTS

1. Smart Canteen System (Team Project)

GitHub Repository:

<https://lnkd.in/dbFXbnnr>

<https://lnkd.in/dzmrADbh>

- Contributed to building a smart canteen ordering system to reduce long queues in college canteens.
- Implemented features like pre-ordering food, order tracking (Pending → Preparing → Ready), and digital payment support.
- Worked in a collaborative product team handling frontend, backend integration, and testing.
- Helped design scalable frontend components and improve overall user experience.

2. Countries API – Fully Responsive Web Application

Live Website: <https://lnkd.in/eYnCwg5g>

GitHub Repository: <https://lnkd.in/e35bva3H>

- Developed a responsive web application that fetches real-time country data using a public API.
- Implemented search functionality to quickly find country information.
- Added pagination for smooth navigation across large datasets.
- Designed responsive UI compatible with multiple screen sizes.
- Deployed the project using Vercel.

CODING PROFILES

- Active on LeetCode practicing Data Structures and Algorithms.
- Regularly solving problems to strengthen logical thinking and algorithmic skills.

CERTIFICATIONS

Full Stack Developer Bootcamp – GeeksforGeeks

Completed a 6-week program covering frontend and backend development concepts.

HOBBIES

- Playing sports such as Cricket and Badminton
- Exploring new technologies and building web projects
